REPAIR AND REPLACEMENT PROGRAM (HARRP)**

EP - 580 WEATHERIZATION (WX) AND HEATING AND AIR REPAIR AND REPLACEMENT PROGRAM (HARRP)

**Change #1-2012
December 1, 2012**

The Weatherization Assistance Program (WAP) and Heating and Air Repair and Replacement Program (HARRP) provides funds to local community action agencies for the purchase and installation of materials such as ceiling, wall and floor insulation, caulking, and weather-stripping on the homes of low-income families, particularly the elderly and handicapped, in order to make the homes more energy efficient, reduce monthly utility bills, and provide a more healthful living environment. This program is open to owners and renters living in both site built homes and manufactured housing.

Listed below are the North Carolina Community Action Agencies.
