DSS ADMINISTRATIVE LETTER NO. PERFORMANCE MANAGEMENT/REPORTING AND EVALUATION MANAGEMENT 03-2011 Instructions for the New Energy Programs System (November 16, 2011)

TO: County Directors of Social Services County Security Officers Crisis Intervention Program (CIP) Users LIEAP Staff

DATE: November 16, 2011

SUBJECT: Instructions for the New Energy Programs System

I. BACKGROUND

House Bill 57 requires the Low Income Energy Assistance Program (LIEAP) payments to be direct vendor payments effective 12/1/2011. LIEAP data must be entered by counties via the Crisis Intervention Program (CIP) system, using a different funding source, and new/different application and notices. The current CIP system has been renamed to the Energy Programs Systems and will now house both CIP and LIEAP data. The old EP01 (LIEAP System) will be available for inquiry only for prior years' data.

The LIEAP program will run beginning December 1st until March 31st of each year. Counties will be able to access their funding through Funding Authorizations issued and tracked within the County Administration Reimbursement System (CARS). Once county funding has been exhausted no additional funds will be available. Money remaining after the LIEAP program ends on March 31st will be carried forward to the next year.

Screens for the new LIEAP program will include the same fields as CIP and will also have the addition of a new Account Number field, a new DAAS indicator, and a new Resources field. Reports will no longer be available thru NCXPTR—they are located within Energy Programs (REPORTS tab) and in CSDW. The paper DSS-8114 application has been obsoleted as LIEAP applications will now be entered online via the Energy Programs system. A one time vendor payment of \$200 or \$400 (depending on the Fuel Type) per fiscal year will be issued and clients will no longer receive the check in February. The new LIEAP program will have the capability for adjustments to be made (currently available for CIP cases).

The training site will be available beginning Thursday, November 17, 2011. Please be aware that you may find some things not working correctly because this project is still in user acceptance testing. However, we felt the need to get it moved to the training site as soon as possible to allow counties time to get familiar with the new screens.

Please follow the instructions below for the **training site only**. These instructions will be obsolete when the new Energy Programs System goes live on 12/01/2011 and the online manual material has been published to the website.

II. LOG ON/OFF INSTRUCTIONS

A. Log On Procedures

1. To log on to the new Energy Programs System training site, go to the website address:

https://ciptest.dhhs.state.nc.us/cip_training/signonscreen.asp .

2. Enter the County Name followed by the word "train" as the User ID. The password is the County Name.

Contact your local Security Officer regarding any problems accessing this site.

B. Log Off Procedures

To log off the system, choose the "Log Off" selection at the top of the screen. The user will be exited from the system.

III. USER INSTRUCTIONS

Detailed instructions with screen shots are attached to this Administrative Letter.

If you have any questions, please contact the Information Support Unit at (919) 733-8938.

Sincerely,

Hank Bowers

Hank Bowers, Chief Performance Management/ Reporting & Evaluation Management

New Energy Programs Systems Training Instructions for LIEAP

November 17, 2011

I. Accessing the Energy Programs Systems Training Website

A. Log On Procedures

1. To log on to the new Energy Programs System training site, go to the website address:

The website still refers to this system as CIP. The name will be updated to Energy Programs prior to 12/1/2011.

https://ciptest.dhhs.state.nc.us/cip_training/signonscreen.asp .

2. Enter the County Name followed by the word "train" as the User ID. The password is the County Name.

Contact your local Security Officer regarding any problems accessing this site.

B. Log Off Procedures

To log off the system, choose the "Log Off" selection at the top of the screen. The user will be exited from the system.

II. Main Menu

Once logged in, the Main Menu appears:

A. Tabs Across the Top

Access to different functions is obtained by selecting a tab on the gray toolbar (i.e., CASE MGMT tab, REPORTS tab, etc.) at the top of the Main Menu screen (see above). Each screen contains navigation buttons with options shown below. Clicking on an option takes a user directly to that screen.

Note: Depending on the user's access privileges, some of the Main Menu options may not be available.

- 1. **CASE MGMT** tab contains all CIP cases and allows for entry of new CIP/LIEAP applications.
- 2. **REPORTS** tab is used to retrieve reports.

- 3. **UTILITIES** tab is where adjustments (refunds from vendors) are entered using Application Adjustments Corrections.
- 4. **EMAIL** tab is used to enter your email address to receive messages.
- 5. **POLICY** tab provides access to the online policy manual.

The **POLICY** tab currently refers users to the CIP online manual (for both CIP and LIEAP) until the LIEAP online manual section is completed and posted to the web.

6. **LOG OFF** is used to log off. It is also used for those employees who key for more than one county and need to log off as one USER ID and log back on with another USER ID.

B. Search Fields

Select the **CASE MGMT** tab to display the Energy Programs (EP) Case Search screen and enter the following:

- 1. EP Case #: (System Assigned) A full case number may be entered to find a case.
- 2. SSN: Social Security Number
 - a. 9-digit SSN must be entered. (If the individual does not have an SSN, zeros must be entered.)

- b. Hyphens (-) are optional.
- c. The input is automatically formatted when tabbing to another field.
- 3. Birth Date:
 - a. Requires a complete date entry in mmddccyy, mm/dd/ccyy or mm-ddccyy format.
 - b. The input is automatically formatted when tabbing to another field.
 - c. First Name (up to 20 characters)
 - d. Last Name (up to 20 characters)
 - e. Maximum List Limit: Maximum number of cases returned in EP Case List. The maximum number of cases that can be returned at any one time is 100. There is no minimum.

It is required to enter the SSN number for each member of the household and to perform a name search prior to entering new cases or applications to prevent duplication of cases and benefits.

Individuals found by the search are displayed in the EP Search Results screen. A search on a name, or partial name, will return everyone in the EP System who matches the criteria entered. For example, a search on Rob Smith will return Rob

Smith, Rob Smithy, Robert Smith, Roberta Smith, etc. The results will also show all Rob Smiths in the system with different dates of birth and social security numbers.

- 1. Review the results on this screen. If the individual needed does not appear in the results, you must search again by the individual's social security number and/or name and date of birth.
- 2. If the individual has not received benefits in the EP System, click on NEW CASE to set up a new EP case for this individual.
- 3. If the individual does appear in the results, click on SELECT by his/her name to proceed to the EP Individual List screen.

- 1. The EP Individual List screen lists cases and applications in which the person selected on the EP Search Results screen has received benefits or made an application. (The most recent case/application is at the top.)
- 2. Click on VIEW beside the individual's name to view case information about that individual such as SSN, DOB, Address, etc.
- 3. Click on LIST beside any application number to proceed to the Application List screen to view the details of that application.

- 1. The EP Application List screen lists all the applications associated with a case, and include the status and Funding Type for each application.
 - a. Status is approved, denied, or pending.
 - b. Funding Type is listed for each application.
- 2. New CIP Application allows you to key a new CIP application.
- 3. New LIEAP Application allows you to key a new LIEAP application.

If there is already an approved LIEAP application for the current fiscal year, there will not be a New LIEAP Application button.

4. Select View (Under App.) to view information for an application. Either a VIEW Application screen (for CIP application) or a VIEW LIEAP Application screen (for LIEAP application) is displayed depending on the Funding Type listed.

A. New EP Case Screen

Once a name search has been performed for each member of the household and it is determined a new case needs to be entered, select New Case (from the EP Search Results screen).

Keying Instructions:

- a. Required fields are indicated with red asterisks.
- b. SSN requires entry for the head of household.
- c. Key information for each field and tab to the next field. Some fields have a drop-down menu (i.e., Gender and Language fields). Clicking on the drop-down allows you to make a selection with your cursor.

The system automatically inserts dashes for SSN and phone number and slashes for DOB once you tab to the next field.

- d. After keying all the case information, select Add Case.
- e. The message "ADD Case Successful" is displayed along with the case #.

(This is the top half of the Application Screen.)

- 1. The NEW LIEAP Application screen is green (the NEW CIP Application screen is tan).
- 2. Required fields are indicated with red asterisks.

No Amount Requested is needed because the Amount Approved (either \$200 or \$400) is determined by the Fuel Type entered. Both the Amount Requested and Amount Approved fields will be populated after the application is approved on the Eligibility Worksheet (will be displayed on the VIEW LIEAP Application screen).

- 3. There are three fields that appear on the NEW LIEAP Application screen that do not appear on the NEW CIP Application screen: DAAS (click on "yes" or "no"), Account Number (from the bill), and Resources (4-digit field with no dollar and cents). The Resources field will populate with zero if nothing is entered.
- 4. Some fields are pre-populated with information brought forward from the New EP Case screen.

(This is the bottom half of the Application Screen.)

- 5. Income fields are dollars and cents (except for the Resources field which is a 4-digit field with no decimal or cents).
- 6. Key the vendor name and client's account number from the bill.
- 7 After keying all application information, select Add Application.

8. A message displays asking you to select "ADD" to bring forward members to this application from an existing case's last application, or select "CANCEL" to add the application without household members (and there won't be household members to be brought forward since you are keying a new application). Select CANCEL.

(This is the top half of the Eligibility Worksheet Screen.)

- A. The Eligibility Worksheet screen shows the system calculations performed based on the income and resources entered, and eligibility is determined.
 - 1. System calculations are made on Eligible and Ineligible Alien household members' earned and unearned income, standard deductions, medical deductions, child care expenses, and child support expenses.
 - 2. After final calculations, the system checks the net countable income for the size of the household and compares it against the 130% poverty level table for LIEAP. A determination is made if the household is Income Eligible.
 - 3. Next the combined resources of the household are measured against the resource limit of \$2200. A determination is made if the household is Resource Eligible.
 - 4. If the household is found eligible, the system determines the vendor payment amount of \$200 or \$400 (based on the heating source).
 - 5. The system checks on the county's LIEAP funding allocation balance to see if sufficient funding is available.

6. With all this criteria having been met/not met, the application comes back as either APPROVED or DENIED.

(This is the bottom half of the Eligibility Worksheet Screen.)

For APPROVED applications, an Approve and a Deny button are displayed at the bottom of the Eligibility Worksheet. The Deny button is displayed in the event the worker needs to deny the case because of other factors.

For DENIED applications, a Deny button and a drop-down (for the denial reason) are displayed at the bottom of the Eligibility Worksheet.

- a. Click on **No Action** if you wish to go back and make any corrections or you are not ready to approve or deny the application at this time; OR
- b. Click **Approve** to approve the application; OR
- c. Click on the denial drop-down to select a denial reason, if you choose to deny the application. Then click **Deny**.

If the system displays the message that the household meets eligibility criteria, but you deem the case ineligible, click on the denial drop down button to select a denial reason and Deny the application.

- d. The final action along with the date and worker's name is displayed at the bottom of the Eligibility Worksheet.
- e. Click on Approval/Denial Notice to print the notice.

(This is the first page of the Notice.)

f. The Notice is displayed on the screen. Click on the "Print This Page" hyperlink at the top of the page. It prints the first side of the notice. Then the second page with the rights to appeal is displayed. Print the second side of the notice.

Some computers require you to print Page 1, click on "X" at the top right-hand corner of the screen, and then print Page 2.

(This is the second page of the Notice.)

g. From the Eligibility Worksheet, click on Return to VIEW Application. This returns you to the **VIEW LIEAP Application** screen and you can review what was entered for the application.

V. Reports Tab

Clicking on the reports tab on the gray toolbar at the top of the screen takes you to the reports available for CIP/LIEAP.

- 1. **Applications Keyed Listing** report is used to track applications keyed for CIP and LIEAP. Click on Funding Type drop-down and select LIEAP Funding for LIEAP reports.
- 2. **Applications Keyed Summary** report is used to track a summary of all applications for LIEAP FUNDING. Click on Funding Type drop-down and select LIEAP Funding for LIEAP reports.
- 3. **County Staff Listing** is used by security officers to review security access for users.
- 4. **County Funding Listing** report is used to track the "LIEAP Funding" balances to ensure that county funds are not overspent. Click on Funding Type drop-down and select LIEAP Funding for LIEAP reports.
- 5. **Adjustment Report** is used to track adjustments (refunds) and the vendors. Click on Funding Type drop-down and select LIEAP Funding for LIEAP reports.
- 6 **Assistance Type Report** is used to track what type of assistance was approved, denied, or is pending by funding type. Click on Funding Type drop-down and select LIEAP Funding for LIEAP reports.

- 7. **DSS CIP Cases with Matching Report** matches on SSN, address, and name to assist in identifying duplicates. Currently this is only available for CIP. This report will be updated to include LIEAP cases once the report is moved from the Energy Programs System to the Client Services Data Warehouse (CSDW).
- 8. **DSS CIP County/Statewide Summary Report** is used by State Office staff to pull data from the Energy Programs System that gets reported to the State and Federal government upon request (moving to Client Services Data Warehouse (CSDW).

1. **Data Entry Deletions** function is used by supervisors/leadworkers to delete either a case or application that has been entered IN ERROR. Do not use this function to delete a case or an application that should have been denied, but was approved in error.

Deletions of a case or an application must be made within the current fiscal year.

- 2. **Reset Application to Pending** function is used by supervisors/leadworkers to allow an already approved/denied application to be reset back to pending for correction purposes (adding individuals, income corrections, etc.).
- 3. **Update County Address/Phone Number** function is used to update the county's address and phone number for DSS-8107 Approval/Denial notices.
- 4. **Application Adjustment Corrections** function is where adjustments (refunds from vendors or clients) are entered.
